Part III DETAILED ACTION

Claim 1-21 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 22-34 of copending application Serial No. 08/408,717 (now allowed). Although the conflicting claims are not identical, they are not patentably distinct from each other because of the reasons of record in the office action of June 21, 1996 (Paper number 4).

This is a *provisional* obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

Response to Amendment

All of the rejections under 35 USC § 103 issued in the previous office action (Paper number 4) are withdrawn in view of the amendments to the claims and applicants' arguments. The only outstanding rejection is the double patenting rejection. Applicants are urged to file the required Terminal Disclaimer as soon as possible to expedite prosecution of this application and allowance of the claims.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 C.F.R. § 1.136(a).
